LNCT Private Sector Engagement Meeting Virtual Workshop, October 2020

I. Private sector engagement in immunization

Type of activity	Not-for-profit orgs	For-profit providers	Other for-profit orgs/corps	Professional associations	Other
Government/policy advocacy	X	X	X	X	
Social mobilization/demand generation	X	X	X	X	
Immunization provision with NIP vaccines	X	X	X	X	
Immunization provision with non-NIP provided vaccines	X	X	X	X	
Immunization provision with vaccines not on the NIP schedule	X	X	X	X	
Cold chain equipment supply and/or maintenance	X	X	X	X	
Vaccine and/or immunization supplies procurement	X	X	X	X	
Vaccine and/or immunization supplies distribution	X	X	X	X	
Other					

Kenya would like to engage the private sector to continue providing immunization services to maintain access and to advocate for immunization.

II. Coordination of service delivery

	Non-Govt Not for Profit	For Profit
What percent of immunization services are provided by type of provider?		
Does this provider administer vaccines outside the NIP schedule? If yes, which ones?		
Where are these providers located? (Indicate urban/rural, specific cities or districts)		
Does this type of provider charge fees for immunization? If so, what are the fees?		
What population sub-groups do this provider providers serve?		
Does the government conduct supervision of this provider?	Yes	Yes
What is provided to this provider by the government for immunization? • Vaccines and injection equipment • Cold chain • Training • Other	Yes- government resources are provided for immunizing facilities	Yes- government resources are provided for immunizing facilities
Does this provider report on • Doses administered • AEFI	1. Yes 2. Yes	1. Yes 2. Yes

IV. Good practices & lessons learned

- National guidelines in place to regulate immunization service provision in all facilities.

III. Demand generation & advocacy

Organization name	Description of activities (location, approach, etc)	Source of funding (e.g. USAID, Gavi, etc)
Kenya Pediatric Association	Immunization promotion	

V. Challenges

- Private facilities are mandated to report AEFIs, but reporting rates are low in private and public facilities.
- The private sector is highly varied in Kenya, and not much work has been done to assess its role. A private sector assessment may be of use.
